PROFILE

Hi, I'm Noman Raza, a WordPress & Divi expert with 2+ years of experience. I build modern, fast, and SEO-optimized websites that not only look great but also convert visitors into customers. From business websites to landing pages and eCommerce stores, I deliver complete solutions. My focus is on responsive design, clean UI/UX, and high performance.

EXPERIENCE

KGT GLOBAL

Junior Wordpress Developer

2024 - 2025

- Optimized website structure and performance for better usability and faster load times.
- Handled regular maintenance, updates, and troubleshooting to ensure smooth and secure site operation.

WORDPRESS DEVELOPER

DIVINATORY SOLUTION

2025 - 2026

- Convert high-fidelity Figma/Sketch designs into responsive interfaces using Elementor Pro and Divi 5.
- Manage end-to-end maintenance and troubleshooting to ensure 99.9% uptime.
